### Comments

Traffic control especially around school and junction by Dolphin pub  
 Make speed limit more obvious and enforceable  
 Sharing gardens – of those who’s gardens are too big for them – and those who want space  
 Increase Greenland and wildlife preserved areas  
 To provide a police presence (have a local bobby) that will patrol on foot or bike  
 Road Repairs  
 Repair pavements and fill pot holes  
 Affordable housing for local residents  
 Most of the above are already in place and working well – thank you  
 More exercise equipment on playing fields for adults  
 Better car parking at shops  
 Make easier to cross at Main Road/High Street Junction by foot  
 Limit parking particularly on or near corners. Promote conversion of front gardens to parking spare  
 Improve road surfacing + smarter “Middleton Cheney” village entrance boards!  
 Primary School drop off point for cars – maybe encroaching on the school field with in and out either end of library car park  
 A circular walking/jogging route e.g. path from Stanwell to Waters Lane  
 Foot path along Northampton Road and make the foot path wider leading down to the Garden Centre to complete circle  
 School Parking  
 Repair roads  
 Transport good in day – none in evenings  
 Youth club related to school facilities  
 One way traffic areas/systems  
 Collection of dog waste not frequent enough – bins overflowing at times  
 Clear back and top hedges and trees along walkways eg Stanwell Close  
 Most of the above are already in place and working well – thank you!  
 Please repair roads  
 Chacombe crossroads need to be addressed as very dangerous  
 Roundabout at Chacombe cross roads  
 Reduce speed to 20 mph  
 Make village green a focal point for activities more seating that’s maintained and mown.  
 A focal village sign and gathering point  
 Keeping the village as a village it is already the largest in Northamptonshire  
 Increase parking restrictions at Junctions schools etc  
 Bins collected every week is more important than more recycling  
 Reduce speed limit

Green recreational areas – not playing fields

Litter Fines!

Stop parking outside Dolphin

Skate board Park

Road surface need improvement

Reduce light pollution

Encourage cafe open day time weekends

Parking could be improved/cars outside Brads and pharmacy also speed signs before brow of hill from Banbury are difficult to negotiate

More police presence

There should be a bigger and better doctor's surgery

Better Play Facilities

Planning Strategy

### Comments

More dog poo bins. A lot of public footpaths are very overgrown making accessing fields for dog walks difficult. Also styles broken

Speed limit more obvious and enforceable

Cutting grass and weeds on footpaths

Better foot paths with more dropped kerbs

Give bikes priority – cycle lanes/tracks

Replace old signs eg the Middleton Cheney sign by Cheney Gardens looks awful

Crack down on dog poo – fines for dog owners that don't clear up

Cut back and from "above" trees, hedgerows overgrowing footpaths and pavements (weeds on public foot paths) Plant bulbs & flowers to make village looks loved and pretty

Take away grass cutting, do not leave – becomes unsightly

Lopping of conifer trees

Congratulations to the litter pickers – they keep the village nice and tidy

Discourage dog fouling

Resurface and smooth out roads

Flower tubs

Good job being done on litter removal and tidy public areas

Repair of road in High Street – nudge the District Council!

Seating (Occasional) for ramblers

Do not let roadsides grow it looks messy

Pruning trees that overhang path below head height – Chacombe Road

Remove dog mess

Drop curbs repair pavement surfaces when you're on a mobility scooter with a bad back it is not very good

Parked cars outside Dolphin pub Parked cars outside Horsefair surgery/ both causing major traffic obstruction should be double yellow lines on roads

Get the NCC to clear blocked drains and clear gullies on Warkworth Road.

Reduce street lighting we live in the country side not a town. This also reduces village costs

More dog waste bins especially in the alley leading to primary school

More seating points, picnic area, nature walk and/or wildlife centre.

Build on Primary School, garden facility open to all

Have Sundays for families wanting to walk/cycle on closed roads eg Thenford Road from Middleton to Marston

Posters on posts and bus shelters which are sometimes not removed after the event

Improve area and access around village hall making it more welcoming

Renew footpath surfaces and reduce dog fouling

Prevent litter being dropped

Too many signs mean the vital ones can be overlooked

Less pot holes!

Managed wild area

Public foot paths across farmland kept clear and maintained many are not accessible in summer due to overgrown plants/nettles/brambles/crops

Resurface roads

#### Comments

But affordable homes are needed so that children who grew up here can live here as adults if they would like to

The planned area near Kings Stile

In the areas already indicated but not so many

But only in small in-fill sites

Anywhere in the village

In Fill

Small developments around the village behind Bull Baulk/Waters Lane Tenlands/Kings Stile

Access to faculties and schools without having to use motor vehicles

Top of the Washle (where permission was refused) Primary school desperately needs to increase intake i.e. now Tesco express is open Londis may want new customers

In fill or on edge of village

But not too many on the traffic would be unmanageable

On the outskirts of the village (either end)

Can see pro's and con's

But only on in fill sites not on our fields

Limited development only – opposite the top of Washle

In limited quantities and plus extra space for PLAY

In small groups or in fills – not large estates

Not without improved infrastructure

In fill sites first, controlled green field

Small developments on edges of village of 3 bed homes (3 or 4 houses per development)

Peripheral organic growth

Behind Kings Style and behind The Moors

Small development – under 50 properties

Some but not vast/large new estates

Definitely NOT

The proposed locations seem fine but would like to see them scaled down considerably

Village outskirts

Limited development only – opposite the top of Washle

Brown field sties if there are any preferably.

### Please complete a separate column for each family member

A limited number for local people only. People who have lived in this area for many years possibly with their families from this area and want to buy their own homes at an affordable price

Infilling and on the outskirts of the village but each development to be restricted to say 15 homes (Cheney Gardens is a good example to follow)

Small developments of no more than 10 houses style to fit position. For our local first time buyers

Difficult to say – each application should be assessed on its merits/size etc

Thorpe Road area garage to round-about

Where the estates are currently planned

Edge of village as for recent plans

Brackley Road end – limit

Check parish boundaries

Sites within village

Within reason – bottom of Main Road

Land between Purely Plants and village? Steep but close to bypass.

Land behind campervan garage

How many? 30 – 40? Balance is the correct approach – people need homes

Middleton is already too big we are a village not a town

The proposed sites on Main Road and behind 3B's service station

Left side of road coming down from roundabout to Mansion Hill

On the outskirts of the village

Behind garage on B4525

Infill

None  
 For those who grew up here or have family here  
 I don't think the village needs more accommodation  
 Affordable rented homes (council/housing assoc.)  
 I think the village is quite large enough  
 None  
 Just a general mixture, without the emphasis on one group  
 Good quality housing – well spaced high specification  
 No new homes needed  
 Non profit housing assn. with a combination  
 New social housing  
 The village is full already  
 A mixture based on PC's knowledge of need/demand  
 No new homes – village is big enough!!  
 Affordable housing  
 Rental properties – like Almshouse but for younger people and singles  
 None – No more we are a VILLAGE  
 No more housing outside the village  
 Think we have enough houses already in the village  
 Village is big enough  
 Some 1 bedroom flats/apartments  
 Suggest asking estate agents about local demand  
 None  
 Since council houses were offered to purchases no council houses for young and needy people  
 No more housing but .....

None if possible

Keep appearance of house to blend in with the village style and not to build town style housing

Obviously this would depend on area – a mixture as appropriate

Traffic-free cycle routes

Double yellow lines in High Street from Queen Street Junction to Bull Balk

Manhole covers on Main Road are rickety and noisy in traffic

“semi-gates” either side of roadway to indicate that car users are entering a village may reduce traffic speed entering Middleton Cheney

Police the road properly – don’t damage cars (humps) don’t restrict roads (road narrowing) don’t penalise the law abiding!!

No parking on narrow estate roads

Less street lighting on Main Road

No parking zones at schools

Higher Police presents to enforce speed limit and stop people parking willy nilly at primary school

Cycle tracks – better access to the bypass

Bypass speeds are deadly – camera?

People should walk

The situation with pot holes in the village roads is quite unacceptable!

Also along B4525 Welsh Lane (Lorry rat run) PC to consider any options

Mend potholes – High Street/Chacombe Road

Absolutely parking for schools – it is crazy in the mornings – people don’t park they just stop where it suits.

Reduce parked cars on roads in general thro’ village

Why can’t people walk to school if they live in the village?

Pot holes – the roads are dreadful

Stop parking on pavements

Speed Camera

Lower speed by school (primary)

Parking restrictions Main Road/High Street

During term time unable to park near own homes in Archery Road

The speed of traffic in Archery Road by users at Chenderit school both private cars and school buses should be controlled.

Glovers Lane

Cycle lanes would encourage young and old to get on bikes.

Good for health and environment

Chicanes to lower speed

Remove all road markings and road furniture – YES!!

High Street needs complete rebuild not patching

Use electronic speed signs

Stop the manic speeding out of the village down mansion hill towards Banbury

Show this is a 30mph speed limit until the garden centre NOT Silverstone!

Use of community speed equipment through village and on Horton Road

### Comments

Main Road from the Green towards Waters Lane it is extremely narrow, uneven, poor camber for wheelchair users the curbs are also very high.  
Overgrown in places also narrow  
Not great if pushing a push chair, e.g. step in path into village hall carpark.  
Chacombe Road, Archery Road, High Street, Crumbling footpaths – overgrown hedges and trees  
Generally but latter part of footpath from village to B4525  
Main Road, North Side, Village Green to library  
Grassy Footpaths should be kept cut  
Main Road from Washle Drive up to library in front of shops  
Pavements uneven  
Main Road, Chacombe Road  
Older parts, pavements very narrow (of necessity) Barnett Road gets blocked by bins on a Wednesday  
By the row of cottages going down to The Avenue  
Throughout the village pavements are a disgrace. Very uneven poor for parents with buggy's too,  
They are cracked and uneven  
Most places in the village

Queen Street/Main Road pavements needs resurfacing. Main footpath between High Street and the Green and Mansion Hill over grown with stinging nettles – issue with pram. Footpaths over the fields are mostly unusable during the summer because of nettles Uneven surfaces, section beside and behind our house. Others are over grown and required cutting back.

Pavements generally difficult for wheelchair users. Many people pushing wheelchairs resort to using the road as it is a smoother surface (barring potholes)!

Main Road very rough and breaking up

Access across bypass is very poor and stiles are wired up no access to walk dogs

Along Main Road

Pavements – Main Road

Pot holes caused danger for wheelchairs (from experience) also push chairs and bikes

Main Road between Queen Street and Dolphin

To shops along Main Road both sides

Some are poor – Main Road (past allotments)

In places eg Queen Street to the Dolphin

Footpaths north and south (especially) of Chenderit School

Outside Take Thyme and Londis – very uneven

They need continuous maintainece

From Bull Bulk down to the shops and no drop curbs anywhere

Main Road pavements all have dangerous pot holes – nightmare for wheelchairs and pushchairs and elderly walking

All needs re-surfacing

Lots of pot holes on Main Road and High Street

Disgraceful/shocking around the green towards the New Inn

Alley from village green to red lion – dog mess

Potholes, Dolphin to Queens Street pavement

Pathway on Main Road around Royal Oak Lane/Rose Hall etc

High Street and Main Road – poor state of repair and very uneven/dangerous

Main Road pavement is a disgrace for at least 2 years

Length of Main Road and in some parts of the old village

Main Road and High Street

All over village not been maintained

Most of footpaths are over grown especially alleys for pushchairs & wheel chair access

Whole of Main Road and High Street

Main Road – lack of proper maintenance

Many areas

Uneven pavements for elderly and disabled

Alleyways – Dog muck

Main Road, Chacombe Road

Non tarmac pavements are in poor condition

Horton Estate, Washle Drive in particular (cars and van parked always on paths day and night)

Public footpaths have stiles – unsuitable for some people

Outside shops on road and pavements all around the village in general it is disgusting what do we pay our poll tax for!!

Along Main Road, High Street and other throughout the village.

Overhanging bushes, hedges and trees between Archery Road and village centre

Main Road opposite Dolphin towards Mansion Hill side

Uneven and pot holes

Two foot path outside Cheney House on the Main Road is always covered in leaves and the trees overhang the path and are prickly

## Middleton Cheney Parish Questionnaire – Part 2

Everywhere! Terrible pot holes/damaged paths

Rural paths – bad stiles and often overgrown

Main Road – uneven

Out of Swan Close through to shops and hairdressers

Roads & Paths are pitted and cracked

Pavements opposite the dolphin are in a terrible state – very dangerous!

Stop parking along by the Dolphin making this a dangerous one side to drive on is not acceptable

#### General comments made

The Parish Council does an excellent job. Do need more regular emptying of litter bins around Londis/Take away.
